

Freddie Bags

These bags are for children to carry their chemotherapy drugs.
The material used in the bags should be brightly coloured and child friendly.

The finished bags are 4 ins by 4 ins (10 cm x 10 cm) with a handle of 18 ins (46 cm).

Securely sew on a piece of Velcro to close the bag.

Remember to attach your Mothers' Union *Made with Love* tag.

Tip: Children's duvet covers may be an ideal source of material for these.
