Gracious Father, thank you for our baby that has finally arrived in the world. Lord, we know this was not the best way for our child to come, but everything works together for our good. I choose to thank you.

even though I am fearful. Spring of living water, let my baby find fullness in you. Let the resurrection power that raised Jesus from the dead rest upon this infant that it may become stronger and healthier. In Jesus' name, I believe and pray, Amen.
